I am opposed to deleting mail in voting. I know that I do a better, more informed job of voting because I go through the ballot, read the voters pamphlet, do research online if I need more information, all in the comfort of my home where I can take all the time I need & am relaxed.

I feel comfortable that it is as safe as voting in person. The data shows there is a better voter turnout, with only rare instances of fraud that could easily happen at a voting center too.
