

Submitter:	Margaret Shaughnessy
On Behalf Of:	SB210
Committee:	Senate Committee On Rules
Measure, Appointment or Topic:	SB210

My name is Margaret Shaughnessy, and I'm reaching out from 97326 to express my concern that by eliminating Vote-By-Mail it would make it difficult for many to vote thus creating a barrier to the voting process. In particular, not being able to "Vote-By-Mail" in out state's rural areas would force people to drive hours to a voting location. It would also make it difficult for many Seniors, homebound, low income, and disabled to vote. Many cannot take off from work in order to drive hours to a voting center. Repealing Vote-By-Mail would block many eligible Oregonians from exercising their legal right to vote; this is not what we stand for in Oregon! I am strongly OPPOSED to SB210.
