Measure, Appointment or Topic:

SB210

This measure would make it more challenging for hard-working Oregonians to participate in our democracy, especially essential workers like medical personnel, who often work long hours, and parents who might have to find childcare in order to go stand in line to vote in person. I think mail-in voting also makes it easier for citizens to be thoughtful and informed about their voting, as you can do your research as you fill out your ballot on your own time. I want a well informed electorate making decisions about our future as a state and as a nation.
