

Submitter:

D Eszenyi

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Please do not discontinue mail in voting. The fear mongering surrounding mail in voting should not ruin this for the 99.9% of the Oregonians that are served by mail in voting. Recently traveling in and out of the USA, there are many ways to validate citizenship electronically. Additionally county elections officials have always been attentive and responsive in the past if there has ever been an issue with my ballot.
