Why change what has proven time and time again to work so well. Voting by mail in OR has proven to be safe and convenient for the voters. In addition, in a state with a constant slew of ballot measures, special elections, and issues one must research and then decide upon, voting by mail allows me as a voter to consult my own research and take my time to make informed decisions as I vote.

The only reason I see for wanting to reverse a system which has been in place for decades is for the current Republican leadership in the State to bow down to their self-proclaimed "King Trump". How about we stop wasting time on things like this and instead focus on ways to improve Oregon's economy, attract new, diverse businesses to the state, and find ways to promote economic development in our areas in the NE and SE part of the state that rightfully have felt neglected by Salem for years.
