I oppose this move toward in person voting. Being able to vote by mail means that I can thoroughly investigate candidates and issues before I vote - from the comfort of my home, at my own pace and on my own schedule. I am a much better informed voter than I was when I lived in a state that had in person voting. A move away from vote by mail means a move toward less informed voters, ultimately meaning less participation in our democracy-what's left of it now.
