Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

This bill is ANTIDEMOCRATIC and seeks to lower voter turnout by making it challenging to vote if you don't have a car, have inflexible work hours, have obligations to care for someone sick or for children, or have mobility issues. Oregon has voter turnout that is higher than the national average and our mail in ballots have been a secure and successful system. The cases of voter fraud are so incredibly isolated and do not outweigh the benefits of mail-in-ballots. Don't take away our mail-in ballots.
