SB210

Hello,

I oppose SB 210. I am a disabled woman living in a semi-rural area in Monmouth. Because of my disability, I do not drive and I work remotely from home. I am a US Citizen, it is my constitutionally given right to vote for my representation in this country. Requiring me and others like to vote in person would remove our ability to vote. SB 210 is discriminatory and should not be voted in. I urge you all to vote NO.

Thank you.
