

Submitter:

Diana LaSarge

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

I have lived in Oregon all of my 71 years and have voted both in person and by mail. I oppose eliminating vote by mail as there are many instances that would prevent Oregon voters from voting if they are required to vote in person only. Some of these instances are Oregon residences who have medical conditions that keep them from leaving their homes or are in nursing homes; or have work hours or work restrictions that prevent them leaving work to vote; or who live or travel outside of Oregon during a voting day and would prevent them from voting. Vote by mail in Oregon has enough checks to keep it valid and secure. I vote NO on this Measure.
