Committee:	Senate Committee On Rules
Measure, Appointment or Topic:	SB210

I strongly opposed this bill to end Oregon's mail in / drop off voting. I love being able to sit down with my ballot and research the various issues that I'm voting on. I love the ease and convenience of dropping off my ballot at my neighborhood drop box. I love that we have paper records of our votes that can be recounted and trusted, unlike electronic voting machines. I strongly believe that Oregon's vote by mail system should serve as a model for other states. Please, vote to keep our cherished vote by mail system.
