Committee:	Senate Committee On Rules
Measure, Appointment or Topic:	SB210

This is a bad bill, introduced with ill intent, and a transparent attempt to disenfranchise minorities, the elderly, the poor and the non-urban populations of our state. Given the success of our current system, there is no reasonable explanation for this, and the Republican who introduced this bill will have to find some other way to try and get the attention of Donald Trump. Perhaps prayer might work for him.
