SB210

I am writing to express my support for SB 210 that would REPEAL our vote-by-mail system.

I support democracy, democratic principles, the Constitution, and value my right to vote. Registering thousands of illegal aliens to vote does not protect my vote.

I don't think that after 30 some yrs of "vote by mail" and viewing the results show that its statistically impossible

for one party (democrats) to win all the elections.

Mail in voting is showing that something is wrong, we don't know what, but the math provides a way to look at the results and ask the question, what's going on?

Vote by mail DOES NOT enable me to be a better informed voter, as I canvassed for political candidates and the question I received most from citizens was "who do I vote for" , so much for being better informed.

Do not allow the current administration to take away yet another right of we Oregonians have to have secure elections that only counts American Citizens votes with results that are mathematically possible.

Follow the federal law of vote on one day, Voter ID needed, proof of citizenship needed, with election results the same day.

Taking weeks to tally election results have made OR look like a third world country that doesn't know what's its doing.
