SB210

I consider this bill to be an attack on democracy. Oregon has safe, secure elections where vote by mail has increased voter participation, which should be the goal of every person who believes in democratic form of government. There is no problem being solved by this bill. The only purpose of a bill like this is to make it harder for people to vote. To disenfranchise voters. To lower participation. None of those things strengthen our democracy, but all of those things are an attack on our democracy. I oppose this bill.
