Vote by mail has been the gold standard of voting in the United States, It is by far the safest and most secure form of voting and insures that more people are able to vote. My husband and I have been residents in Oregon for over 35 years and enjoy the fact that we can sit and go through the ballot and discuss the measures and candidates before we make a decision when we cast our ballot. Not only should Oregon remain a vote by mail state, it should be the standard for the entire US as it has been shown to be safe and secure.

Thank you,
