SB210

The Oregon voting system has been the most informative and easiest method of voting I have experienced in my 25+ years as a voter. Mail in voting increases accessibility and decreases cost, wait times, and other in person challenges. Even with the best run in person voting system, there is an unnecessary burden on the voter. It would be a huge step backwards and would limit people's ability to vote if in person voting became the default in Oregon. I am opposed to this change.
