

Submitter:

MARK SHULL

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Citizen voters across America have lost confidence in the mail in voting process and the electronic systems used to support it.

Every American voter must have 100% confidence that their vote is counted properly and on election day.

We cannot fix the current system. Oregon must return to in person voting on election day with photo identification.

Pass SB210.
