Dear Legislators,  
Oregon's vote-by-mail has been functioning beautifully, and should be maintained. Vote-by-mail allows people with mobility concerns to vote more easily, it allows people with various different schedules to vote when it is convenient for them, and submit their votes over a range of days to accommodate their schedules. The voter turnout rate is consistently higher with vote-by mail. This demonstrates that the system encourages voting and is a force to enfranchise voters. Vote-by-mail allows a paper trail, which aids election accountability.

For these reasons I urge a "No" vote on in-person election-day voting. Our vote-by-mail system is an excellent example of operational integrity and building voter engagement.

Thank you,
