SB210

Cheaper. Easier. Higher voter turn out. We can all take time to make informed/researched votes when needed. We don't have to waste time in line or take time off work to vote.

Why would we not want mail-in voting to be the standard method for voting?

Why would we NOT want more of our citizens to vote in our elections?

To appease billionaires? To appease Republicans who wouldn't ever be voted in if they didn't enact voter suppression tactics across the nation?
