SB210

I am vehemently opposed to rolling back voters right. We are a model for voter turnout. This bill would merely serve to disenfranchise our voters and create an undue hardship on many who don't have easy access and/or transportation to voter polls. As we know voter fraud is not statistically measurable .

This bill is nothing but a way to perpetuate a false narrative that we have voter fraud. It's a travesty that we're even considering.
