

Submitter: Jessica Vaughn

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

Keep mail in voting!! We've been doing this for years and years. There is no evidence of widespread voter fraud in Oregon.

Even the Heritage Foundation (gag me with a spoon) shows that this form of voting is safe and secure.

Yes to keeping mail in voting and no to in person only.

People have jobs and families. Rural communities, seniors and disabled people rely on mail in voting.
