

Submitter:

Melinda Kowalska

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Vote by Mail ensures that every eligible voter can vote regardless of their work schedule, their mobility needs, transportation requirements or their other commitments. It allows time for careful consideration and research on each candidate and is a reminder of the importance to put in the time to do that research. It is simply one of the best policies in the State of Oregon. I've only voted in Oregon as an adult and it's one of the things I've appreciated and relied on every election.
