

Submitter:

Matt Steffes

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

I strongly support the continuation of mail in voting in Oregon. We appreciate the convenience of mail in voting and understand that although we are retired, many people have difficulty reaching the polls with little kids. Also, some of our elderly as well as some people have jobs that make it difficult to get to the polls. Other states should follow Oregon's example to encourage more participation in our elections.
