

Submitter:

Evan West

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Oregon has been a pioneer in ensuring the fundamental right to engage in free and fair elections. This attempt to eliminate voting by mail is clearly an attempt to disenfranchise thousands of Oregonians. There is no need based reason to consider these dramatic changes. This is an insulting waste of legislators time and I expect that this measure will be soundly rejected today. Thank you.
