I would like to urge that we keep our mail in voting option!!! Having lived in other states I was amazed with the mail-in system. First off using an established postal service level of performance is genius! What else has stood the test of time but USPS. Secondly the ability to truly read through materials and check against online content is something I hope everyone has the chance to do.

The in person polling systems do not allow for the thoughtful approach that mail in systems allow.

PLEASE KEEP OUR MAIL IN BALLOTS.
