Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

This bill has a single, transparent aim: to make voting harder and suppress the voice of the people. Our system helps everyday, working people to fulfill their duty to democracy. We have a consistently strong turnout for voting, and that is in no small part to our commitment to access. Why anyone would believe that voting should be made harder, the window of opportunity narrower, is beyond me. I oppose this bill.
