Matt Chorpenning

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

This bill is based on right-wing conspiracy theories about voter fraud which is vanishingly rare in Oregon's vote-by-mail system. This is a transparent attempt by the Republican party to make it harder to vote rather than run on policies that people actually like. Making voting less accessible in Oregon is not the solution to these increasingly anti-democratic times! I urge this committee not to pass this garbage legislation.
