SB210

Oregon's vote by mail system is powerful means to enable and empower all voters in Oregon to vote for the candidates and the issues that matter to them. This ability for registered voters to participate in our democratic process is fundamental to our successful working of our democracy. Vote by mail enables registered voters to continue to participate with greater flexibility and can remove barriers to participate that arose from k. Person voting (e.g., job schedules, disabilities or age that make make it challenging to get to in person polls, transportation challenges, etc.). Removing the vote by mail system is an effort to disenfranchise registered voters of Oregon and should not be passed.
