

Submitter: Caitlyn Hall

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

As a proud born Oregonian, I oppose this measure. Mail-in voting has made it possible for me to vote in every election since I turned 18 years old (I am now 32). Mail-in voting is also safer and more secure than in-person voting. Voting is our responsibility as citizens and it is an obligation of our legislators to improve/maintain access. This measure will hurt voting access for all.
