SB210

I believe that this is a much needed bill to be passed. With the current administration we are already heading in this direction at the Federal level, why not join forces because I believe we will have no choice unless you want Federal funding for elections to go away. We need to do the right thing and clean up the voter roles, get those who are not suppose to be on the voter rolls off, and make the elections open and honest. Every legal person deserves the right to vote and that must be revealed on election day and only on that day.
