

Submitter:

Monica Weitzel

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

If Vote by Mail becomes unavailable, a huge portion of eligible voters will be prevented from voting. As you know, baby boomers now make up the largest group of voters. As we grow old mobility becomes increasingly more difficult. Voting by mail has been a godsend for those wishing to exercise our democratic rights. Please don't take that away from us.

Thank you.
