Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

Voting by mail ensures vulnerable Oregonians such as seniors in care facilities and foster care can vote. Personally, I prefer to vote at home with my family at the dinner table while we research and read the voter guide. I am a very strong advocate for voters rights. Vote by mail is safe, secure and good for Oregonians. I oppose removing vote by mail as any changes to it will disenfranchise voters .
