

*I am opposed to SB 210 for several reasons.*

- 1. Oregon's vote by mail initiative has enjoyed a long history with strong voter turnout that is much more accessible for working Oregonians, those with limited transportation options, and those who appreciate time to vote carefully in the privacy of their own homes.*
- 2. There is no reason to change something that is working well.*
- 3. I believe this is another attempt to thwart the voting process in a mainly blue state.*

*Please vote no.*
