

Submitter: William Burt
On Behalf Of:
Committee: Senate Committee On Rules
Measure, Appointment or Topic: SJR30
To the Committee:

SJR 30 drastically increases the signature requirements for initiative petitions by 25% for law changes and 33% for Constitutional changes. This is an insurmountable hurdle for people wishing to place initiatives before Oregon's voters. Of course, that is the purpose of SJR 30—to place further barriers between Oregonians and the legislative process.

Please do not vote SJR 30 out of committee. It's a terrible bill!

Sincerely,

William Burt
