SB210

I support this bill. Oregon hasn't seen a Republican governor since mail-in voting took over. I don't believe that is a coincidence. And the requirement to show government issued photo ID to vote is a no-brainer! If you're not an actual citizen & not paying taxes, then you shouldn't be able to vote. THAT should be a requirement in Every state in America & it should be a requirement here in Oregon. I've watched Portland, Oregon turn from a beautiful city, to a garbage dump under the Democratic party. Crime has gone up, drug abuse has gone up, homelessness has gone up, unemployment has gone up, prices on everything have gone UP... give me one reason why ANYONE should continue voting Democrat?! What good have democrats done for our state?

I approve & support this bill.
