Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

I strongly oppose this measure. Mail-in voting is a cornerstone of Oregon elections. This move doesn't even make much sense from a Republican perspective either, since many rural voters rely on this system to vote. Several counties have minimal in-person polling areas, and for the larger counties, you would be preventing many people from having access to voting. Remember that this program was STARTED by Republicans.
