

Submitter: Zach Larkin

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

This bill is an overt attack on a cherished right that is vital to civic participation in Oregon. Vote by mail improves civic engagement, public official accountability, and representative government. Vote by mail is safe, secure, and essential to promoting Oregonian values as federal overreach encroaches on state authority. Forcing voters to vote in person restricts liberty, promotes voter suppression, and endangers vulnerable voter groups (including immunocompromised and minority voters). This bill must not advance.
