Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

I strongly oppose SB 210, which proposes to end Oregon's mail-in voting. Our current mail-in voting system works exceptionally well. There is NO EVIDENCE of any significant voter fraud with our mail-in voting system. You cannot prove that any significant voter fraud takes place with mail-in voting, so do not tell people that it does. The reasons for ending mail-in voting are self-serving for authoritarian interests.
