Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

I oppose making Oregon's voting by in person on election day the only way to vote. I am a person with a disability who also serves individuals with disabilities and requiring in person voting for all individuals on election day would disproportionately affect individuals who cannot leave their homes due to chronic illness or disability, and those who need accessible Methods of filling out their ballots. Not to mention this would cause individuals in rural communities without access to transportation, difficulty or inability to vote leading to voter suppression.
