

Submitter: Lisa Brown
On Behalf Of:
Committee: Senate Committee On Rules
Measure, Appointment or Topic: SB210

Committee Members,

Thank you for considering SB 210. In-person voting with Voter Identification would restore integrity and timeliness to Oregon's elections.

I have family members who have been receiving ballots addressed to a relative for more than 25 years because the relative left Oregon after college. This cannot be an isolated instance, proving our voter rolls are not up to date.

While my family does not fill out and submit this 'extra' ballot, it would be easy for them to do. How many people might be doing just that?

Please! We have all benefitted from the 'lazy patriotism' afforded us by mail-in voting. I urge you to remind us all that Civic Duty is an actual Responsibility, and that our elections MUST be made more transparent and our vote counts more timely - by voting IN FAVOR OF SB 210.

Thank you,

Lisa M Brown
