SB210

I oppose this bill because it severely restricts the accessibility of voting for a wide variety of people. Mail-in voting allows people to vote on their own time and encourages more people to vote. It allows people to vote without leaving work. While we have a right to leave work to vote, not all of us can afford to miss out on the lost wages.

The more people that vote, the better our democracy functions. I have only ever voted by mail because it's convenient and efficient. Mail-in voting fraud is so small that it's statistically insignificant. The only reason to prohibit mail-in voting is to suppress votes and voices.
