

Submitter:

Noah Sternthal

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

As a disabled person, in person voting would present an undue hardship. Having to apply for eligibility to have different rights than my neighbors would add additional roadblocks to my civic engagement & further marginalize me. There is no history of real fraud in Oregon's voting system & switching to in person voting would be a huge waste of money and time & cause real difficulty to many Oregonians ( like me).
