

Submitter:

Catherine Rayburn

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Oregon's universal mail-in voting system has one of the highest voter turnout rates in the nation. It is accessible to everyone, irrespective of their ability to take time off work, get to a polling station, and stand in line. Voting by mail has been essential for my regular participation in elections and for staying informed about all candidates and measures as I complete my ballot. We should keep our existing vote-by-mail system.
