

Submitter: Betty Shelley

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

Oregon has had vote-by-mail for thirty years and it has been very successful at enabling more people to participate in voting for the candidates they want in office. Too many citizens would be unable to make it to the polls in time to vote because of work hours, taking care of children, etc. IF we want a fair vote, we need to keep this practice in place.

Thank you.
