SB210

I totally oppose this bill. Voting by mail has been very beneficial for my family. My 95 year old uncle who is wheelchair-bound, my 90 year old father-in-law who has mobility challenges, my friends who have no cars and difficulty getting even a grocery store! Personally, I've learned that Oregon has some of the highest voter participation rates in the USA, so why fix something that's obviously not broken? Voting by mail is efficient, cannot be tampered by ?powered machines, easy to complete, a simple and easy process!
