Senate Committee On Rules

Measure, Appointment or Topic:

SB210

SB 210 does nothing for participatory democracy, just the opposite. Vote by mail has been very successful in Oregon, a national leader. There is virtually no fraud and yes there has been mistakes, the DMV errors. The return to in-person voting will be costly. Finding and hiring poll workers and training them will be costly at a time the State budget is looking to cut due to anticipated loss of revenue. Voters love vote by mail that gives time to study candidates and ballot measures. Keep vote by mail in Oregon, NO ON SB 210.
