

Submitter:

Neal Budde

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Oregon's system for voting is the gold standard for the United States. Our voting system encourages civic engagement and democratic participation. That we would consider changing it at this point is patently idiotic and, frankly, insulting. I ask legislators to please keep our current system of voting and for those who support changing it to re-consider their priorities.
