

Submitter: Joshua Yoder

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure, Appointment or Topic: SB697

This bill is an unlawful piece of legislation and must not be allowed to pass.

I STRONGLY OPPOSE this bill, and urge the legislature to ABANDON the efforts here, and side with our Federally Protected rights as American Citizens.

A person becomes part of 'The People' at 18, they get the right to vote among other things. They can serve in the military and have weapons there, they can be law enforcement and have weapons there. But this bill makes them a criminal if they have that weapon while not on duty. Strange Logic. Are they a different person? No? Same person, same brain right? Age bans like this are unconstitutional, and have been overturned in many states in federal court. This does nothing more than unlawfully infringe upon the rights of Americans, while wasting money to fight in court. STOP THIS NONSENSE!

Furthermore the US DOJ has issued a statement that states need to stop infringing on 2A protected rights, and treating it like a second class right. If you continue down this road, and keep infringing on 2A rights of Oregon Citizens, you will be wasting taxpayer dollars in court battles when those dollars should be going to make Oregonians lives better.

STOP WASTING TAX DOLLARS!

I will upload that letter as additional testimony.  
Stop this nonsense.
