Senate Committee On Rules

Measure, Appointment or Topic:

SB210

I oppose this bill as it is unnecessary and will create hardships and make voting difficult for elderly people, people who don't drive, people with disabilities, armed services personnel, remote workers, caretakers (especially mothers of young children), employed people who are not allowed to leave their workplaces.

The ONLY way this bill would be possible or reasonable to consider is if election day is made a national holiday and if the number of election stations is increased dramatically.
