

Submitter: Ruppert Reinstadler

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SJR30

The petitioning process is one fo the only ways that regular citizens have of opposing bad bills passed by legislators. Please do not make it any harder than it already is. Having gone thru the process and seen it fail, I know just how hard it currently is. Do not make it any harder. Do not let this bill out of committee.
