SB210

I am writing you from my home in Blachly Oregon, never heard of it? That would not be a surprise it is about 40 minutes to Eugene. We are cut off regularly due to weather issues trees falling, mud slides, flooding and so on. I am a care provided for my mother and I have a full time job expecting me to be able to take off work to stand in line just to have the ability to vote is a hardship that would limit my ability to vote. Not to mention I personally am dealing with health issues and standing for long periods can cause flare ups. If this passes how are you going to address the add burden you are putting on the public? Who do I send the bill to for lost wages and possible medical bills?
